

GS1 Australia works with ICT companies that share its business solutions-oriented vision of delivering real supply chain benefits to Australian businesses of all sizes – from small businesses to enterprise corporations.

As a result, you can rely on over 80 GS1 Alliance Partners that can provide a diverse range of supply chain hardware, software, communications products and services solutions to assist you with the implementation of the GS1 System in your business.

The GS1 Australia Alliances Program offers our members access to supply chain solutions through our online Solution Providers Directory at www.gs1au.org/membership/spd/

The range of products and solutions include:

- Software & applications
- Warehouse, transport and logistics
- eCommerce enablement
- Telecommunications
- Data warehousing & management
- Training & consulting services
- Hardware and mobility products
- Systems integration
- Printers & label suppliers
- Industry-specific solution services

Benefits for GS1 Australia Members

- Bringing together of the world's best supply chain management solution providers, all with solid reputations for the quality of their services and products
- Priority notification of new technologies and initiatives to improve supply chain efficiency
- Comprehensive best-practice case studies
- Support and assistance in making the GS1 System implementation seamless and easier
- Security that Strategic, Business and Associate Alliance Partners are GS1 Accredited Partners*

(* undertaking ongoing GS1 standards for supply chain training which includes those listed in: www.gs1au.org/products/gs1_system/)

For an up to date listing of GS1 Australia Alliance Partners and their products and services offerings, please visit the Solution Providers Directory www.gs1au.org/membership/spd/
